# QUIENES SOMOS

**XL ILUMINACION SAS** es una empresa familiar desde 1978, son 45 años de experiencia en el rubro de la Fabricación de Artículos de Iluminación de exterior e interior.

Comenzamos como una Herrería Artesanal que fabricaba torres de antenas de televisión. Con el paso del tiempo y el cambio de las demandas del mercado, nos transformamos en una Fábrica de Productos de Iluminación. Nuestras farolas de exterior y arañas de interior de gran diseño y robustez fueron nuestros primeros productos destacados.

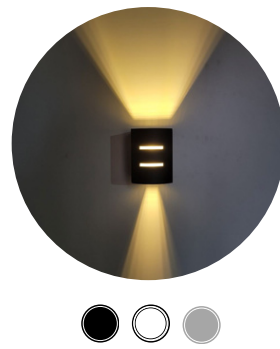

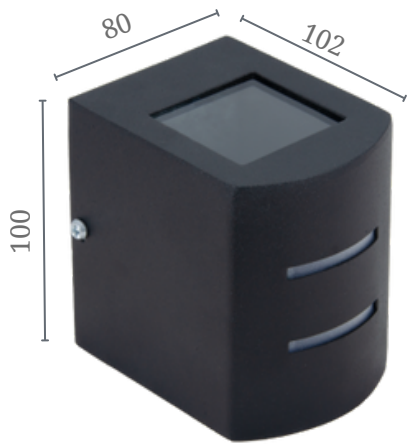

Actualmente nos encontramos mejorando los procesos productivos constantemente, enfocándonos en la producción en serie y la personalización de acuerdo a las necesidades de nuestros clientes. Constantemente optimizamos la eficiencia energética y de materias primas utilizadas, para poder brindar productos de Alta Calidad a Precios Competitivos.

Nuestra visión esta enfocada en ser una empresa reconocida en el rubro tanto por nuestros productos como por nuestra atención personalizada hacia nuestros clientes.
